Alex,

Pop a memo explaining the purpose of the UAS Program and attach to the front of these Budget Requests with the quote on the back of the packet. Lt. Boccia is the receiver of the UAS Program Paperwork.

Good work and Good Luck.

Troy

Subject: Drone Program Quote

Hey Alex,

Here is the quote for the equipment we discussed on the phone. Please let me know if I missed anything. We look forward to helping get your program going. Having local support is a huge selling point of going with us. We will be able to give you any support required as well as on site and integration training. Have a great weekend and we look forward to helping get this going for your department.

Thanks,
